18054	31, Thorpe Road. Dropped Kerb. Cllr. Tustian email was read out. Copy attached. Points raised: Residents have commented that they do not want to lose the grass area, as green spaces are precious. Car parking is not a Parish Council issue this area is no different to any other area in the village. There are enough spaces to allocate to the houses. If this was granted the other four houses could ask for a drive way. If granted would restricted the parking on the opposite side of the road. Potential flooding issues. Need to keep green spaces. There may be documents relating to the School House having an allocated space. South Northants Homes policy said no commercial vehicles. Access onto Thorpe Road would create more danger for pedestrians. Exploring other options to extend the car park funded by residents. Allocated spaces, how this would be governed. All five residents would have to be in agreement. No recent parking issues have been reported or recorded. The Parish Council do not believe there is a problem. No action to be taken. Other than to contact NCALC to get advice. Formally write to Sue Upton.	Chairman
